However, some insurers require the removal of the underlined language and the replacement of "should" with "must." ***Please check with your insurer to determine whether or not these changes are required. "Should" is usually considered to reduce the possibility of discrimination claims.***]

Except to the extent that is shall be in violation of any local, state or federal law. Unsupervised persons who are not competent swimmers (whether occupants or invitees) will be asked to leave.

Remember that your body displaces a lot of water, so fill the tub to the proper depth before turning on the jacuzzi and entering the tub. Then, as the tub is operating, some water will invariably seep out through the closed drain. To prevent the water level from going too low, run some water during your jacuzzi bath. These instructions apply to the jacuzzis in the common areas as well as the jacuzzi which may be in an apartment.

3. Occupants and invitees shall not allow tailgating through any secured areas by unauthorized persons. All persons must use their own keys and access cards. All invitees must check with Security.

4. Although the Project is provided with security, no security system provides absolute protection or constitutes a guarantee. Security is everyone's responsibility. Any occupant or invitee noticing anything unusual or anyone acting in a suspicious manner should contact Security immediately.

I. MOVE-IN, MOVE-OUT AND DELIVERIES

1. All moving-in, moving-out and household deliveries must be scheduled with the Management.

2. Hand-carry items may be brought into the building anytime between 7:00 a.m. and 10:00 p.m. without reserving the elevator but no more than two (2) items should be brought up at a time to allow elevator room for other occupants.

3. An occupant must be present to supervise the occupants' move and deliveries because Security or Management cannot sign for an occupant. An occupant must instruct the occupant's mover to call from the security desk as soon as it arrives. If the occupant does not have a phone service, the occupant must meet the movers at a pre-arranged time and place.

4. All moves, household or furniture deliveries must be done from the 3rd floor lobby.

5. Elevator #4 is designated as the freight elevator for the property. No other elevator shall be utilized for the transportation of furniture, appliances, equipment, or any other oversized items.

6. The elevator must be reserved for specific time periods and for no more than two hours each time. Reservations are on a first-come, first-served basis and must be made at least three (3) days in advance.

7. The elevator will not be available for moves, or deliveries on weekdays from 12:00 noon to 2:00 p.m. and from 5:00 p.m. to 6:00 p.m. This restriction does not apply on weekends and holidays. Moves and/or deliveries before 8:00 a.m. and after 10:00 p.m. are not permitted.

8. When an occupant has moved all of the Occupant's belongings to the 3rd floor lobby (if the occupant is moving in) or when the occupant has packed everything (if the occupant is moving out) and the occupant is READY TO LOAD the elevator, the occupant should see Security at the ground floor lobby to secure an elevator. It is the occupant's responsibility to post a reserved sign on the elevator.

9. In order not to inconvenience other occupants and invitees, the elevator must not be kept locked needlessly. The elevator must not

be secured until the occupant is ready to load (see paragraph 7 above) and Security must be notified if the occupant leaves the building. The elevator must be brought down to the ground floor lobby and Security notified when the move or delivery is complete.

10. A vehicle together with its load must not be over 6'2" in height, otherwise the vehicle will not be able to enter the parking garage above the ramp. For vehicles together with loads over 6'2" in height, limited parking is available on a first-come, first-served basis in the loading area located on the 2nd floor landing area (before the ramp leading to the parking gates on the 3rd floor). However, parking is prohibited at all times in the area designated as Longs Drugs. Vehicles parked anywhere on the Longs Drugs ramp will be towed away.

J. MAIL

1. The mailroom is located on the ground floor lobby at the bottom of the Bishop Street escalators. Oversized mail must be placed in one of the postal boxes. The key to the postal box will be in the occupants' mailbox.

2. Occupants should check their mailbox daily or have someone collect their mail for them when they are out of town. According to the postal service, uncollected mail will be taken back to the post office and held there for about ten days before they are returned to the sender.

3. For the convenience of occupants, but only with the SIGNED authorization of an occupant, the Management will accept UPS, Federal Express and post office package deliveries for the occupant. The Management will not accept C.O.D.'s or registered mail or deliveries other than the above-mentioned and will only hold packages for a 24-hour period. The authorization form can be obtained at the Management's office. Neither the Association nor the Management will be held responsible for lost or misplaced packages.

K. INVITEES

1. Security must have an occupant's approval to send visitors to the occupant's floor. Therefore, when an occupant is expecting visitors or light deliveries (pizza, legal papers, flowers, etc.), the occupant should pre-approve their visit by registering them with Security at 539-3080.

2. If an occupant's invitee is unexpected or is not registered, Security will call the occupant for approval. If Security's call is unanswered, or if for some reason Security is not able to contact the occupant (i.e., the occupant does not have a phone or the occupant's number is not listed with Security, the visitor will

not be allowed to go up to the occupant's apartment. Security will not go to an occupant's apartment to contact the occupant in person, except when the nature of the visit is an emergency.

3. After 10:00 p.m., no occupant will be contacted by anyone from the security desk. Invitees must call the occupant from outside of the Project. The occupant must then phone Security to notify Security of the occupant's invitees.

4. An occupant may authorize Security in writing to let the occupant's regular invitees up to the occupant's floor at any time. Authorization forms are available at the Management's office.

5. When an invitee is staying with an occupant in the occupant's apartment, the occupant must register the invitee with the Management for identification purposes.

6. Process servers must report to the Management and provide identification and copies of the documents to be served prior to entering any building.

7. All owner/tenant renovation contractors must check-in and register with security or management before proceeding to the unit.

#### L. NON-DISCRIMINATION POLICY

Pursuant to HRS Chapter 515, Title VIII of the Civil Rights Acts of 1968 as amended by the Fair Housing Amendments of 1988, and our non-discrimination policy, the Association does not discriminate on the basis of race, sex (including gender identity or expression and sexual orientation), color, religion, marital status, familial status, ancestry, disability, age or HIV (human immunodeficiency virus infection) in housing or real estate transactions. It is our policy to extend to all individuals the full and equal enjoyment of the advantages, facilities, privileges and services consistent with HRS Chapter 515 and the Federal Fair Housing Act. When providing services and facilities or enforcing the rules at the project, the Association will not allow discrimination, except as permitted by law. In particular, the Association will not treat any person unequally:

1. In granting or withholding any approval or consent required under the Association's rules.

2. In enforcing requirements of the Association rules about occupancy restrictions or use of the recreational facilities which might unlawfully restrict families with children.

3. In connection with requests of disabled occupants or visitors of the project to have guide dogs, signal dogs, or other animals required because of the occupant's or visitor's disability;

except that if the animals become a nuisance to others they will not be permitted at the project and will have to be removed.

4. In processing requests of disabled occupants to: (i) make reasonable modifications to an apartment or the common areas at their own expense; and (ii) have reasonable exemptions from requirements of the Association rules, to enable those occupants to have full use and enjoyment of the project.

The Board will suspend any requirement of the Association rules which, if enforced, could result in unlawful discrimination. If, however, a resident of the project or a visitor is requesting: an animal; modifications to an apartment or the project; or an exemption from the rules because of a disability, the Association may require written confirmation of the disability from a physician or other qualified person, including a statement from the physician or other qualified person as to the reasonable accommodation which is being requested.
